Hardback. Book Condition: New. Not Signed; Description: In this classic 1960s gardening book, Margery Fish's advice and enthusiasm for horticulture has stood the test of time and remains a go-to book for green-thumbed gardeners today. She guides the reader through techniques for creating and maintaining a cottage garden with humour and ease, perfect for both beginners and experienced gardeners. In her imaginative adaption of the traditional cottage garden style that she saw disappearing around her, she brought together old-fashioned plants and contemporary plants in the same vein. Today's mixed borders are a direct descendant of the style Margery Fish created at East Lambrook Manor in Somerset, now once again open to the public. Cottage Garden Flowers covers plants that grow easily and naturally in British soil, including easy, adaptable bulbs, perennials and shrubs, such as Astrantia, columbines, daffodils, daisies, Dianthus, foxgloves, hollyhocks, Japonica, old roses, Phlox, Primula, or Virburnum. No longer in danger of being forgotten, these traditional flowering plants have now res-established their place at the heart of garden design. Graham Rice, the widely published gardening author and the former London Evening Standard gardening correspondent, has reviewed the plant names in the original text, providing a plant name section at the back of the book. This allows readers to identify current plants from the old Latin names within the text. book.
