SAGE Publications Inc. Paperback. Book Condition: new. BRAND NEW, Science Formative Assessment: 75 Practical Strategies for Linking Assessment, Instruction, and Learning: Volume 1 (2nd Revised edition), Page D. Keeley, In this essential resource, science educator Page Keeley provides teachers with guidance, suggestions and techniques for using formative assessment to improve teaching and learning in the science classroom. Based on the knowledge that good assessment practices are integral to measuring and documenting student achievement as well as informing teaching and learning, the author addresses the need to balance opportunity to learn, which includes assessment for learning, with assessment of learning. She then identifies and describes a rich and varied repertoire of purposeful strategies that weave assessment throughout instruction and learning.
