Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

ENOUGH TO KEEP YOU

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 348 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. This is a story about love, friendship, and relationships among women. It shares the lives of seven adults and how they intertwine as they pursue relationships, dreams, and work through the everyday adversities of life from a unique perspective. Enough to keep you deals with so many complex situations. There really isn't anything about living a daily life that isn't touched upon and given some context. So many realities to come face to face with that I feel like the reader has the opportunity to explore things that maybe they aren't really familiar with, but also able to be connected to on a human/personal level. For example: what is it. . . like to be the other woman How does it feel to come face to face with the person/people that your affair impacts the most Have you ever had an experience that made you question everything We dive into female issues relative to women's health. Inappropriate relationships and the struggle to create healthy boundaries. And even the complexity of marriage as it relates to infidelity, parenting, striking a balance between work and life, and figuring out how to make all types of relationships last. And then there's sex. Of course there is. It's a novel. There's straight sex, lesbian sex, and even the emotion that comes from that type of intimacy. . . At least from a feminine perspective. Questions surrounding sexuality are an undercurrent within this story, and that will be something that is underlying throughout the series. There are tougher issues too. Some that are present in Enough, and some that will be introduced as the series progresses. Overcoming sexual abuse experienced as a child and...
